

New and Second-Hand Materials Distributed by LOC & MAT

LOC & MAT is a family- owned business that has been servicing building cranes since 1945.

Mr Goby, the heir and director of this company,
has many long years of experience with servicing and erecting tower cranes.

LOC & MAT, with our unique knowledge, is ready to help you.

We offer you solutions that are well-adapted to your material and equipment needs
on your building sites, both at home and around the world.

With more than half a century of experience in this very specific field,
we are technically and commercially equipped to help you make the right choice when investing in construction equipment.

Bungalows Designed for Export

These bungalows have been designed for export.

All the components for the modules are stored as flat-packs between the roof and the floor of the bungalow.

Their distinct measurements facilitate the stacking of 4 units per 20 foot shipping container and 8 units per 40 foot shipping container. These containers are open-top designs.

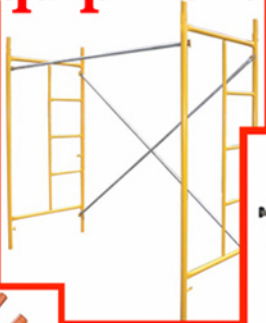

Sanitary-bungalows (shower and toilet)
